BDH Middle East was founded in 1995 by **Mr Narendra Pandya** in UAE as a one stop solution for all Laboratory needs, has grown in size and diversified to become a major Distributor for entire Laboratory needs by supplying high performance equipments & chemicals to various government departments (Municipality, Building, Civil Engineering, Maintenance, Manufacturing, Marine, Oil & Gas, Public Works etc) in the MIDDLE EAST. The Group services extend to entire Middle East, Asia Pacific, Africa and European markets, with its own offices in UAE, Oman, Kuwait & Saudi Arabia (opening soon).

Ms Sylvia d’Costa – General Manager for the Group said, “**BDH MIDDLE EAST LLC** product range is comprehensive. The group business activities are in design, layout, supply, install, test, commission and end user training within the following fields:

- a. Analytical/Process Control & Oilfield supplies
- b. Environmental Monitoring
- c. Petroleum Testing
- d. Material Testing
- e. Nanotechnology
- f. General Lab Supplies
- g. Pharmaceutical & Biotechnology
- h. Medical/Point of Care Testing Equipments, Consumables & Hospital Supplies
- i. Lab Design & Furnishing
- j. Calibration & Servicing

The set up of the company’s engineering profession reaches beyond the supply to design, layout, performance commitment, smooth work flow and operation of the client’s facility, supported by its agency and distribution agreements with top of the line manufacturers of well known and trusted brands at a very economical price structure

In addition to the tested, trusted after sales service, third party preventive maintenance contracts and technical services, **BDH MIDDLE EAST** provides a frame of customers’ needs. **BDHME** introduced and practically succeeded in becoming the pioneer with remarkable records of recommendation from the local and international market through its records of completed projects with high level of customer satisfaction.

The flexible capability and overall performance of the group recorded a significant growth and introduced a new concept of professions in the market. **BDHME** sticks to its vision “**LEADING SUPPLIER** and **SERVICE PROVIDER** to key market sectors through delivering high quality products and services on time within budget

All the products offered are brilliantly engineered to meet customer needs. These innovative, ergonomically designed products hold their residual value and have low down time, which includes local support, back up facility and complete after sales service

We put to work our technological expertise and our experience to advise our customers and to provide them with the right solutions based on our extensive portfolio of products and systems. Our sales and technical support network in the Middle East enables us to be close to our customers and to attend to their needs quickly and with more flexibility.

This enables clients to gain the highest promotional value with minimum cost built. In order to secure the strategic requirements of its valued clients, **BDHME** is always maintaining
